Harlem, New York · Serving PA, NY, NJ, CT, DE, MD, GA, AL and LA

CORE COMPETENCIES

- **WCAG 2.1 AA audits and remediation** for the ADA Title II web rule
- **Municipal website design and build**: agendas and minutes, legal notices, permits and forms, bill pay links, alerts
- **Accessible PDF remediation** for agendas, minutes, ordinances and forms
- **Content migration** from existing sites, with redirects so old links keep working
- **Hosting, security updates and monthly accessibility checks**
- **Staff training** and written how-to guides
- **Subcontracting** for web firms on public-sector projects

DIFFERENTIATORS

- **Public-service background.** Policy work at the Office of the Bronx Borough President and years as a community liaison.
- **Priced under bid limits.** Standard projects fall below the formal bidding limit in every state we serve that sets one, from Alabama's $15,000 to Pennsylvania's $24,500.
- **Fixed price, in writing.** Board-ready proposals; purchase orders and net-30 invoicing.
- **12-month accessibility guarantee** on everything we build or fix.
- **No lock-in.** The client owns the domain, content and code; care plans are month to month.
- **In person** in PA, NY and NJ; by video elsewhere.
- **Fast.** New sites in 4–8 weeks; ADA remediation in 30 days.

WORK SAMPLES

Example Township, PA DEMO
Agendas and minutes with filters, legal notices, permits, bill pay, Right-to-Know form

City of Hollis Creek, GA DEMO
Council agendas and summaries, SPLOST project tracker, open records requests, court lookup
